3. Territory

The insurance applies throughout the world.

4. Commencement of the insurance

The insurance will be in force from the moment that the insured person departs from the address in the home country, on the date of commencement as referred to in the insurance policy, in order to set off on a trip for study or internship at 0.00 AM CET.

The insurer shall not pay damages caused by or in connection with:

6.1 willful damage, which shall be understood to mean;

- An armed conflict, being any situation in which states or other organized parties fight each other, or in any case one the other, with the use of military means of force. The insurer also regards an armed action by a United Nations Peacekeeping Force as an armed conflict.

6.2 nuclear reactions, which shall be understood to mean;

Any nuclear reaction where energy is released, such as a nuclear fusion, nuclear fission or artificial and natural radioactivity.

We only reimburse damages caused by nuclear reaction under these circumstances:

- The damage is caused by nuclides (a kind of atom) existing outside of a nuclear facilitation.
- These nuclides are being used for industrial, commercial, agricultural, medical, educational, or non-military security purposes. Or when they are meant for previously mentioned purposes.
- The government has issued a license for manufacture, use, storage and disposal of radioactive materials.
- There is no third party responsible for the damage of the nuclear reaction, according to the nuclear accidents liability law.

By nuclear installation we mean nuclear installation regarding this law on or on board of a ship.

6.3 other insurance or scheme;

By which is meant damage

- which may be recovered based on an existing warranty scheme, supply agreement or the insurance of the repairer and/or vendor;
- which is covered by one or more other insurances or schemes, or would have been covered by same when this insurance would not have existed;
- which are already compensated pursuant to the law or another provision.
- In these cases, the insurance will only cover the difference between the insured amounts. The provisions in this article do not apply for the section Accidents.

6.4 default of payment;

Which means if the premium is not (fully) paid as described in article 9, Premium payments.

A number of sections contain an exclusion for damage arising from the use of alcohol, medicines, stimulants, narcotics or intoxicating substances. If an insured person causes damage while under the influence, he may lose the right to aid, payment and/or compensation for damage. The exclusion may also apply if the insured person refuses to submit to a breathalyzer, urine or blood test.

If prior to the damage arising, such circumstances were known or present that it could be reasonably expected that costs would be incurred, yet the insured person failed to take action or failed to take sufficient action to limit or reduce the costs.

6.9 failure to comply with obligations;

If the insured person fails to comply with one or more obligations as referred to in article 7, Obligations of the insured person in case of damage and in case of aid and as a result of this he has prejudiced the interests of the insurer and/or willfully intended to misguide the insurer. This does not apply if the misguidance does not justify the forfeiture of rights.

6.10 attempted suicide, self-mutilation and suicide;

The damage is the result of an attempted suicide, self-mutilation and suicide.

7. Obligations of the insured person in case of damage and in case of aid

7.1 Reporting the damage

In case of theft, loss, embezzlement or any other punishable act, the insured person must immediately report this to the police. When abroad, the insured person must report this on-site. When this is not possible, reporting must be done as soon as the opportunity to do so presents itself. The insured person must forward proof of the report to the broker as soon as possible. If so requested by the broker, the insured person must transfer his rights to a stolen or lost item to the insurer. However, if the insured so desires, he / she may also choose a legal assistance provider who is not employed by DAS. Also, in case the party that the insured is in conflict with receives legal assistance from DAS, the insured may select a legal assistance provider himself / herself.

If the insured wishes for DAS to engage an external legal assistance provider to conduct legal proceedings or an administrative procedure and according to the laws and regulations it is not mandatory to engage a lawyer (no mandatory legal representation), the insured will be required to pay a deductible of 250 euros. DAS will not assign the external legal assistance provider chosen by the insured, until DAS has received this deductible from the insured.

27.1.2 Costs

Costs will be understood to mean the costs to be incurred by DAS for providing legal aid to the insured. The insured will receive legal aid from experts employed by DAS. The insured will be fully reimbursed for the costs of these members of staff.

Besides this, DAS will reimburse the costs in connection with engaging lawyers, debt collectors, witnesses and experts. However DAS will only reimburse the reasonable and necessary costs incurred.

Within Europe and the non-European countries around the Mediterranean, DAS will pay these costs without limitation. Outside Europe and the non-European countries around the Mediterranean, DAS will pay a maximum of these costs amounting to € 7,500.- per event.

If the insured wishes for DAS to engage an external legal assistance provider to conduct legal proceedings or an administrative procedure and according to the laws and regulations it is not mandatory to engage a lawyer for this (no mandatory legal representation), a different reimbursement of the costs will apply. As part of the maximum reimbursement, DAS will then pay the remuneration and the office costs of the external legal assistance provider up to a maximum amount of € 6,050.- per event. This amount is including VAT.

If multiple conflicts arise from one event, DAS will consider this as one conflict. In such case, the right to the aforementioned maximum reimbursement will only apply once.

Attention: The remuneration of the lawyer is not charged to the insurer if the lawyer acts on the basis of "no cure, no pay". In that case the remuneration will be regarded as included in the damage compensation.

27.2 Insurance coverage

27.2.1 Recovery assistance

Legal aid when recovering damage inflicted on the insured or to his / her property (with the exception of motor vehicles or airplanes or ships belonging to the insured) by a third party who is legally liable for this.

27.2.2 Legal defence

The legal defence in the event that criminal proceedings are brought against the insured, unless an intentional offense is concerned, or else if the insured committed the crime wilfully and knowingly, or if a violation of tax regulations (including customs regulations) is concerned.

27.3 Advance payments

DAS will provide advance payments against sufficient guarantee up to a maximum of € 7,500.- for:

- a. payment of the costs of the insured and the other party that are due for the proceedings and execution, with the exception of the security deposits, in so far as an irrevocable court ruling has determined that these costs must be borne by the insured;
- b. releasing the insured from custody in the undesired event that he is taken into custody following a traffic accident.

Such an advance or security deposit will be regarded as a loan from DAS to the insured, who will repay this in full as soon as the security deposit has been refunded to him in case of a discontinuation of proceedings, in case of an acquittal or else within 15 days after the date on which the competent authority has given its ruling. Repayment to DAS must in any case be made within 60 days after the advance was paid by DAS or the security deposit was made.

27.4 Exclusions

In supplementing the general exclusions of article 6, the insured will receive no legal aid

- a. if the insured is able to reasonably foresee the need for legal aid at the commencement date of the insurance.
- b. if the interest concerned exceeds € 250.-;
- c. in case of (conditional) intent, recklessness or negligence by the insured.

27.5 Course of affairs

27.4.1

If the insured wishes to rely on legal aid, he must report this to DAS as soon as possible at the office address De Entree 222, 1101 EE Amsterdam, the Netherlands, telephone number 0031 (0)20 6 517 517.

27.4.2

From the moment DAS has notified the insured that further handling of the case will not have any reasonable chances of success, the insured will no longer be able to rely on coverage, with the exception of the dispute settlement.

27.6 Dispute settlement, liability and complaints

27.6.1 Dispute settlement

- a. If the insured disagrees with DAS regarding the feasibility of the case or the manner in which DAS handles the case, the insured may request DAS in writing to present this disagreement to a lawyer at the discretion of the insured. This lawyer will receive all information and documentation about the dispute. He / she may also inquire after the position of the insured. Subsequently, the lawyer will present his / her judgment. DAS will be obliged to follow the judgment of this lawyer and DAS will also pay the costs of the lawyer. These costs are separate from the maximum amount as referred to in the summary of cover.
- b. If the insured disagrees with the judgment from the lawyer, the insured may continue handling of the case at his / her own expense and risk. If the insured is proved (partially) right in an irrevocable judgment, DAS will as yet reimburse the reasonably incurred costs of legal aid up to the amount as referred to in the summary of cover.
- c. In principle, DAS will continue handling the case in accordance with the judgment from the lawyer appointed by the insured. However, DAS may also decide to hand over handling of the case. The insured will then choose to which lawyer the case is handed over. However, this may not be the lawyer who presented his judgment, nor may it be a colleague from the same office of this lawyer.
- d. The right to rely on this dispute settlement will lapse one year after DAS has informed the insured about its position in writing.
- e. This dispute settlement does not apply for legal disputes with a lawyer or an external expert, regardless whether or not this lawyer or external expert was engaged at the request of the insured.
